Dear Anna

I want to thank you for your contribution to the Topol Review so far, and for all your input during Dr Eric Topol's visit last week. You are a significant part of a truly engaged team and I wanted to take this opportunity to acknowledge the expertise and experience you bring to this review, and to pass on Dr Topol's personal thanks as well.

This review will ultimately enable NHS staff to make the most of the opportunities that technology can bring, to improve services for patients and help ensure a sustainable NHS, and I look forward to continuing our work together on this programme.

Yours sincerely,

**Patrick Mitchell**
